Public Health Advisory During the Long Rains

Protect Yourself,
Your Family, and
Your Community

COMMON HEALTH RISKS DURING LONG RAINS

**Waterborne
Diseases**
(Cholera, Typhoid)

**Malaria due to
stagnant water**

**Respiratory
infections**

**Flood-related
injuries**

PREVENTION MEASURES

Boil or treat
drinking water.

Wash hands regularly
with soap.

Use mosquito nets.

Wear protective clothing
and proper footwear.

Keep surroundings clean
and drain stagnant water.

FOOD SAFETY TIPS

Eat freshly cooked food.

Cover food properly.

Wash fruits and vegetables
with clean water.

SANITATION & HYGIENE

Use clean and safe toilets.

Dispose of waste properly.

Avoid open defecation.

Keep living areas
dry and ventilated.

WHAT TO DO DURING FLOODING

Avoid contact
with floodwater.

Move to
higher ground.

Follow official
safety instructions.

Keep emergency
supplies ready.

SUPPORT FOR VULNERABLE GROUPS

Ensure persons with
disabilities receive
assistance.

Protect children and
elderly persons.

Promote inclusive
communication and
access to services.

NON-ECONOMIC LOSSES & DAMAGES OF CLIMATE CHANGE

Beyond Money: What We Lose Cannot Always Be Replaced

Loss of lives
and health

Loss of culture,
traditions,
and heritage

Displacement and
loss of homes

Psychological trauma
and stress

Loss of biodiversity
and ecosystems

Loss of identity and
community connection

ACT NOW.
PROTECT LIVES, CULTURE, AND NATURE.

**CLIMATE ACTION IS
HUMAN PROTECTION.**

With support from the **Global Greengrant Fund**.
